I'm a jack of all trades; I can lead (prefer not to), do hard labor, and sit for long hours doing tedious computer work. I'm currently a Shift Leader at Carl's Jr. That job is too easy and comfortable for me, which is why I've been there for as long as I have. I'm looking for something more challenging that pays more.

Authorized to work in the US for any employer

Work Experience

Shift Leader

Carl's Jr. - Eagle Point, OR
August 2018 to Present

I manage a night shift at one of the busiest fast food places in town. It's very fast pace and stressful. We often have to help difficult and impatient people. There is also a lot of drama with the teens, and sometimes adults, within the company, and I have to help everyone get along.

Night Manager

Jack In The Box - Medford, OR
July 2016 to Present

This is a graveyard position. Interacting with the type of customers we get at night has greatly improved my patience, customer service skills, and emotional resilience.

Responsibilities:

- Take orders over headset
- Handle Complaints
- Count tills and safe
- Monitor cameras and report suspicious activity
- Help cook when needed
- Open store

Software Engineer

Good Life, Inc - Medford, OR
June 2009 to May 2016

Responsibilities:

- Utilize Software Development Life Cycle Agile methodology.
- Coding and debugging applications in various software languages, like PHP, ASP, C#, etc
- Object-oriented Design
- Software testing and quality assurance
- Performance tuning, like optimizing sql queries
- Support, maintain and document software functionality
- Support and maintain legacy software

- Integrate software with existing systems (e.g., ups and fed ex into our shopping cart)
- Evaluate and identify new technologies for implementation
- Maintain PCI compliance
- Implement localization or globalization of software
- Interpersonal relationships (required to work closely with marketing, sales, and shipping departments in order to integrate various software systems)

Sanitation Worker

Amy's Kitchen - White City, OR

January 2006 to January 2007

Responsibilities:

- Clean equipment in chemical room in order of precedence for production use.
- Follow safety procedures
- Operate canning machine
- Stay in contact with management over radio

Education

N/A in Computer Science

Rogue Community College - Medford, OR

January 2008 to January 2012

High school diploma

Rockland Community College - Medford, OR

January 2002
